

## So.....what *is* 'Doddle?'

Doddle is an online resource providing teaching, homework and assessment across 18 subjects.

# Teaching

Doddle resources make clever ideas simple.

- 9,000 in-class presentations and interactives
- Animations that bring ideas to life
- Step-by-step presentations
- Packed with audio and video
- Upload and share your own resources

Teachers using Doddle know that they have outstanding, reliable, engaging resources at their disposal. From a topic-wide review to a targeted focus on key skills and concepts – whatever you need, there's something ready to go in Doddle. And it's designed with you in mind: you can upload your own materials and combine them with Doddle resources into memorable and fun lessons – letting you plan your whole term in a couple of clicks.

# Homework

Doddle homework: truly self-marking and formative.

- 2,500 homework and revision resources, mapped together for targeted support
- Fully self-marking
- Formative recap slides
- Instant results
- Bespoke student area with To Do lists and Browse section

Doddle is designed to help students do more and stay motivated outside of the classroom.

Our self-marking homework quizzes provide immediate results and feedback, letting you feel truly connected with what they're doing. And it's adaptable to student needs: Doodle keeps them organised and encourages independent learning – and it works on whatever device they prefer to use.

# Assessment

The data you need to make progress happen.

- **Self-marking homeworks report automatically to the markbook**
- **Compare scores, class averages and changes over time**
- **Students rate confidence after every task**
- **Ideal for supporting Pupil Premium**

With all your homework marks automatically reported to the online markbook, Doodle gives you more time to get the most from your data. The markbook gives you meaningful analysis on performance for individuals, classes or whole departments – and is ideal for tracking key groups like Pupil Premium students. And with a fully integrated system, your analysis feeds straight into your next lesson plan – giving you the time and information to help you prepare better lessons.

At Manor Croft Academy, the new Government Assessment Reforms are being implemented through students work being assessed using the Doodle Skills in all KS3 subject areas.

Please click on the link below to watch a short video clip about how Manor Croft Academy will benefit from using the Doodle system.
